

  
Thomas A. Daschle  
United States Senator

August 25, 2004

Dear

Thank you for becoming a member of "Republicans for Daschle." You are part of a group of more than 3,000 South Dakota Republicans who care enough about South Dakota to get involved in one of the most important elections our state has ever faced.

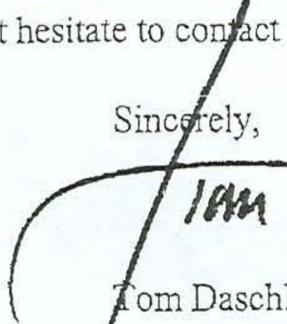

Over the years, I have worked to ensure that all South Dakotans – no matter what party affiliation – have a strong voice in Washington. I have always worked to use my position as Senate Leader to do what is best for our small state. That is why I truly believe this election is not about partisanship. It's about what's best for South Dakota. And it's about which candidate will lower health care costs, create more jobs for our state and continue to put South Dakota's agenda on the national agenda.

As part of the "Republicans for Daschle" group, my campaign will be publicly releasing your name, along with thousands of other South Dakota Republicans who support me. If you do not wish to have your name on this public list or do not recall being contacted about this group, please contact Kara Cody, my campaign's Political Director, and she will remove your name from the public list. You can call her toll-free at (866) 213-5200, or you email her at [cody@tomdaschle.com](mailto:cody@tomdaschle.com).

If you know of other Republicans who would be willing to help, please forward their names to Kara or ask them to contact us directly. Over the next four months, I want to create the largest Republican supporter group our state has ever seen.

Again, thank you for your support and assistance. It means a great deal to me. If you have questions, please do not hesitate to contact my campaign.

Sincerely,

Tom Daschle
